Welcome to the Smithville CommUNITY Coalition Dashboard!

The coalition was originally founded in 1968, by long time leaders in the Smithville community before its annexation to Cornelius. The coalition was re-formed in 2011. The coalition was strengthened when the NCDOT decided to create an alternative plan for Exit 28 traffic that did not cut through Smithville. The coalition is also leading the fight to Save Smithville from gentrification and displacement. In addition to its political history, the Smithville Community Coalition is responsible for managing the Cornelius Community Garden, raising funds to support neighborhood youth programs, and helping seniors qualify for resources to repair their homes.

Smithville Directory

Box of filters here, sliders for ownership %, dob/dod, name (starts with, contains) etc. Do all cols to the right need to be shown?
